# THOUSAND ODD FELLOWS AND REBEKAHS IN CITY

**Big Delegations From Every City And Town In The State Begin  
Pouring In Last Evening, And More Pilgrims Are  
Still Arriving On Every Train.**

## KEY TO THE CITY WILL BE TENDERED THIS EVENING

**Grand Lodge And Rebekah Assembly Degrees Were Conferred On Over 400 This  
Morning—Officers Will Be Elected Tomorrow And Installed On  
Thursday—Incidents Of Big Sessions.**

Janesville is welcoming Odd Fellows and Daughters of Rebekah from every nook and corner of Wisconsin. The pilgrims began to pour into the city as early as yesterday morning and by noon today it was estimated that over 1,000 visitors were within the city gates. That the number will

stalled, six in a room, at the Hotel Myers. The Chief's bed-mate happened to be a lodger brother with whom he was but slightly acquainted. This gave the other five an inspiration and they rigged up a game where by the Chief's side-partner was to complain to the authorities this morn-

ing. Entertainment Last Evening.

In the examination of the initiatory degree by Wheatside Lodge No. 14 and the first degree by Janesville Lodge No. 90 a fine entertainment was provided for the early arrivals at Assembly hall last evening. Ray bacon was the candidate in the first instance and A. W. Teubert, in the second. The visitors were deeply impressed with the perfect training of the degree teams and their clock-work execution.

**Some of the Visitors.**

At 12:30 today a total of 689 delegates and visitors had registered at the city hall, headquarters and the long line was still streaming in. Nearly every city and town in the state is represented. Some of the delegations are as follows:

Oshkosh—Denton G. Freeman, L. P. Thiesen, Katie M. Thiesen, Mr. and Mrs. M. T. Walker, Burlington—Rose Mowett, Sparta—T. C. Longwell and wife, Beloit—Rosa B. Baldwin, Delavan—J. A. Topping, S. W. Henderson, Richland Center—R. A. J. Bird, C.

be increased to from 1,200 to 1,500 before nightfall now seems certain. **Townspeople Awakened** The registration bureau at the city hall was busy all night and through out the entire day furnishing the delegations with information and assigning

**Rebekah Assembly Meets** The Department Council of the Patriarchs Militant, the uniform rank of the order, met at the West Side hall at 8:30 and the Rebekah Assembly was opened at the East Side hall at nine o'clock, with Mrs. Emma C. Laabs of Winona, the president, in the chair and Mary F. Odey of Madison performing the duties of secretary. Following remarks by the president, the passwords were taken up, the opening ode delivered, and a prayer offered by the Chaplain. No delegate may sit in convention who has not received the Assembly degree and it was accordingly conferred on 200 ladies by the Grand Warden. The hall, which had been tastefully decorated with palms and greens and hunting, was crowded throughout the morning and at least 400 must have taken part in the deliberations. The Grand Warden gave instructions and the roll call of officers showed Treasurer Jessie Howe of Black River Falls, and nearly all of the others present. Greetings were sent to the Grand Lodge in session at the rink and the reports of the President and other Assembly officers were read. That of the President was particularly illuminating and gratifying. Adjournment was then taken until two o'clock, when the reports of committees were taken up. Officers will be

them to their quarters. Some who came in about sunrise were plied to homes where the sleepers had to be rudely awakened and urged to unlock the doors. In most instances the townspeople got up good-naturedly, voicing no complaints which could be heard beyond the outer portals.

**No Dinner for Fathers**

James A. Futhers, secretary of the Grand Lodge committee, started homeward at 12:30 today in the hope of obtaining dinner, but was stopped so frequently on his way that he had to give it up and return to the city hall an hour later and telephone for a sandwich. The popular city treasurer is and will be, during the next three days, about the busiest man in the city.

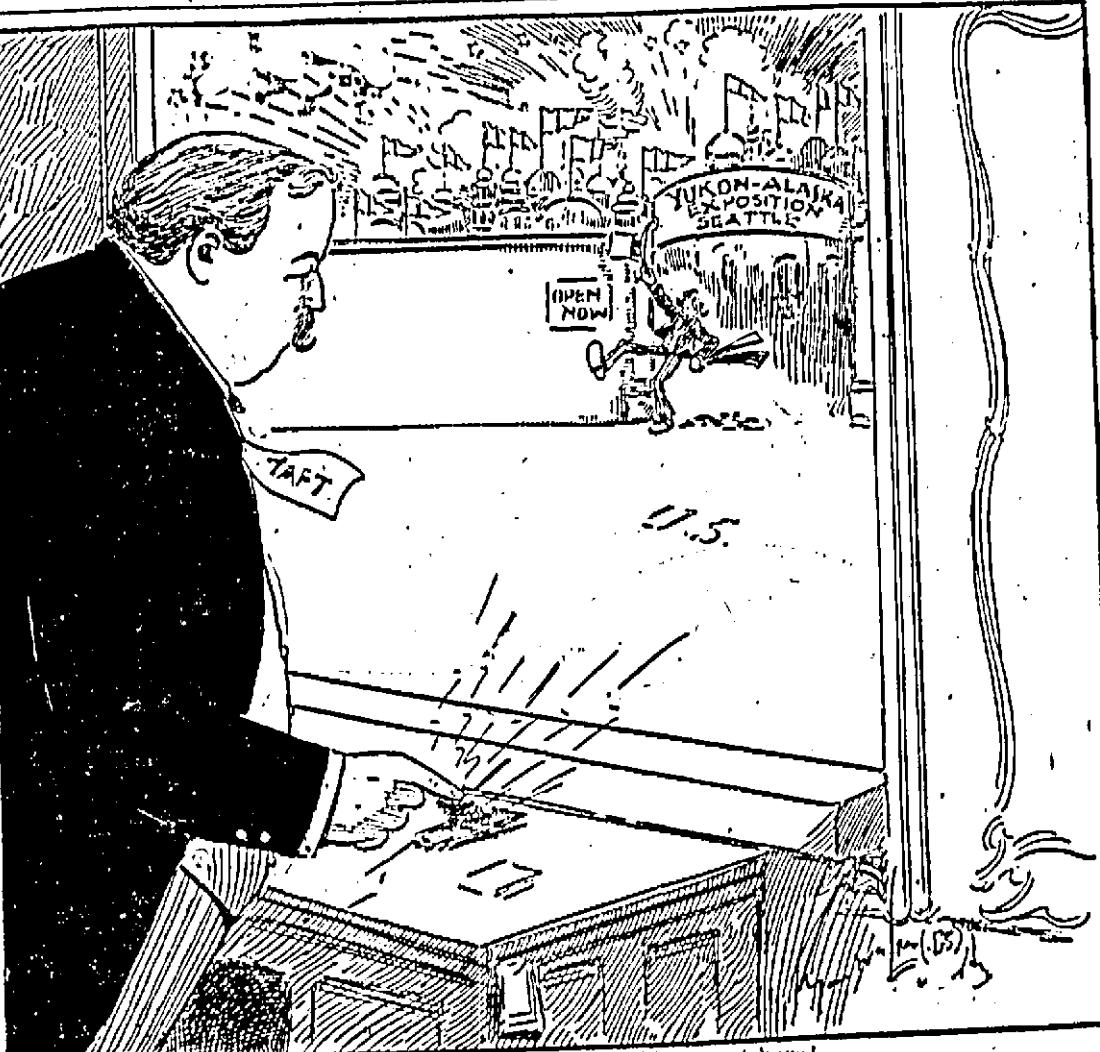

**A Practical Joke**

Chief of Police W. T. Blair of Ashland and a party of his lodge brethren arrived last evening and were in

## STEEL PLANT RAISES WAGES OF EMPLOYEES

**Increases Of Ten Per Cent Restoring  
Old Rates Put In Effect Today  
In Pittsburgh.**

**ESPECIAL TO THE GAZETTE.**

Pittsburgh, Pa., June 1.—The general upward movement in the wages of the iron and steel mills of the Pittsburgh district today affected about 35,000 employees of the Republic Iron and Steel Company and other independent concerns. The advance averages 10 per cent and amounts to a restoration of the old rate which was in effect before the general cut in wages was made last April. An accumulation of orders for iron and steel products is given as the principal reason for the restoration of wages.

**EKS OF WISCONSIN  
MEET IN PORTAGE**

**Annual State Convention Opens To-  
day—City In Holiday Attire  
for Visitors.**

**ESPECIAL TO THE GAZETTE.**

Portage, Wis., June 1.—Several thousand Eks came to Portage today to attend their annual state convention. Portage dressed herself in holiday garb and prepared aousing reception for her guests. President John M. Kehoe of Kenosha presided over the opening formalities today. Tomorrow will come the big parade. Much business of importance is to be transacted. A proposal for the establishment of an orphanage for Eks' children will be discussed. Dr. O. H. Duck of Sheboygan will likely be chosen president.

## RAILROAD KING ON TRIP ACROSS OCEAN

**Harriman Called for England Today  
on Health Trip—Wall Street Bus-  
pects Other Purposes.**

**ESPECIAL TO THE GAZETTE.**

New York, June 1.—E. H. Harriman, the railroad magnate, was among the notables sailing for Europe today on the Kronprinzessin Cecilie. He expects to be abroad for perhaps two months. Though pleasure and the restoration of his health are the ostensible objects of his trip to Europe, the real purpose, according to Wall street gossip, is to float profitably certain bond issues running into hundreds of millions of dollars of some of his railroads.

## BELoit CASE HEARD BY THE COMMISSION

**Will Take Several Days to Complete  
the Hearing on Beloit Public  
Utilities.**

**ESPECIAL TO THE GAZETTE.**

Madison, Wis., June 1.—The Beloit water, gas and electricity case came before the railroad commission today. The city alleged inadequate service and excessive rates. The company claims its rates are fair and reasonable, and the service good, and that the investment involved in the property is not earning excessive returns.

City Attorney H. W. Adams, assisted by T. S. Nolan of Janesville, has charge of the city's case, and H. L. Butler of Madison is attorney for the company. Three of the greatest public utility experts of the country are engaged, being Benzett Williams of Chicago for the company and George W. Sturtevant of Chicago for the city.

The testimony this morning was given by the chief of the fire department concerning tests of efficiency of the water department. The water end of the case will be taken up first and the gas and electric, later. The cause has evidently been carefully prepared on both sides and the hearing will require several days.

## TWENTY THOUSAND STOLEN BY THIEF

**Two Women Hid Fortune Between  
Sheets of Bed and Then  
Went Downtown.**

**BY ASSOCIATED PRESS.**

Seattle, Wash., June 1.—Mrs. George Shew of Duluth, Minn., who is visiting her sister, Mrs. John English, at Alder Point, a suburb of Seattle, reported to the police early today she had been robbed of twenty thousand dollars in currency.

Mrs. Shew yesterday visited her sister in Seattle to see the Memorial Day decorations. They hid the twenty thousand dollars carefully between the sheets of the bed. On returning home at night they found the burglar had ransacked the house and stolen the treasure.

**HAS-AMENDMENT TO  
TARIFF MEASURES**

**Senator Cummins Would Make In-  
come Limit at \$5,000—Senate  
to Work Nights.**

**BY ASSOCIATED PRESS.**

Washington, June 1.—Senator Cummins today introduced the income tax amendment to the tariff bill. It provides for a tax of two per cent on all incomes of individuals or corporations of over \$5,000 a year.

**Resolution to Work Nights.**

Senator Aldrich today introduced a resolution providing for night sessions in the senate. Senator Curtis' objection laid the resolution over until tomorrow.

## CASES ARE DROPPED. FROM THE RECORDS

**Milwaukee Graft Case Echo Comes  
When Final Disposition Is  
Made.**

**ESPECIAL TO THE GAZETTE.**

Milwaukee, Wis., June 1.—Upon motion of District Attorney A. C. Baucus four cases, remnants of the work of the grand jury of 1905, were voted in contempt court this morning. Those discharged were: Frank Klode, former general manager of the C. W. Fischer Furniture Co.; Barney Dayton, former state senator of the 7th district; Wm. Murphy, former alderman of the 3rd ward; Frank F. Schultz, former political reporter; Klode, Murphy and Schultz were charged with perjury, and Dayton was charged with having accepted a bribe.

The next plea in importance is the centerpiece for fruit or flowers, a massive piece of silver with the conventional dolphin handles and the American eagle on the obverse and the reverse, also the magnolia and the cotton bell. Upon the obverse is a scene representing Beauvoir and below it is the picture of its owner, Jefferson Davis. On the reverse is a picture representing the old state capital at Jackson, and Fernando de Soto, the discoverer of the Mississippi, the handle.

## INDICT A BUSINESS- AGENT FOR PERJURY

**Another Step in the "Skinny" Madden  
Prosecution Begun by Grand  
Jury.**

**BY ASSOCIATED PRESS.**

Chillicothe, June 1.—Frank E. Thomas, a business agent of the Structural Iron Workers' union, was indicted on the charge of perjury today in connection with the trial of Madden, Pouchoff and Boyle, the labor leaders convicted last week of "grafting."

## FIRE DRILL SAVES LIVES OF CHILDREN

**Nine Hundred Detroit School Chil-  
dren Taken from Burning  
School in Safety.**

**BY ASSOCIATED PRESS.**

Detroit, Mich., June 1.—Nine hundred pupils of St. Clair parochial school escaped in safety down the stairs and fire escapes, this morning, when a fire broke out on the second floor of the building. The loss was \$5,000.

## SILVER SERVICE FOR A FINE BATTLESHIP

**Handsome Set of Silverware Present-  
ed to Battleship Mississippi at  
Scranton.**

**ESPECIAL TO THE GAZETTE.**

Scranton, Miss., June 1.—A handsome set of silver service of sixty-three pieces, a library of Mimbres pottery and several other gifts were presented to the battleship Mississippi, one of the finest of the United States navy, at anchor off Horn Island, today, by a committee of prominent representatives of the state, headed by Governor E. F. Noel.

The committee and other invited guests were conveyed from Pensacola in steam launches and were soon alongside the war ship. At the gunwale Captain John C. Fremont and the officers of the Mississippi received the visitors, while the crew lined up on deck. The guests were escorted to the starboard side of the quarterdeck, where Governor Noel formally introduced Mr. Endicott M. Lockwood of Crystal Springs, who made the presentation speech. Dr. R. W. Jones, president of the Mississippi Historical Society, made an address presenting the historical library. Captain Fremont made a speech of thanks, after which the party was escorted over the battleship and invited to partake of a collation.

The silver service is one of the most magnificent ever presented to an American war ship. It weighs approximately 2,400 ounces, and cost \$7,200. The money was raised, by popular subscription, permitted by special act of the Mississippi legislature.

Senator Thomas then discussed the great financial success of the Minnesota plant, basing his figure on a special investigation of the subject conducted by the United States government.

"The state of Minnesota for the years 1901 to 1906 inclusive, manufactured 53,476,870 pounds of blunder twine of all grades," says Senator Thomas. "The average price the state of Minnesota sold this twine to its consumers for was .05 cents per pound. At the same time this report shows that the manufacturer sold the same grades of twine for an average of .149, or an excess of .0337 cents higher than the state of Minnesota asked for its twine. This shows that the state of Minnesota saved to its farmers \$2,818,007 in the period of six years and at the same time it shows that for the period the state of Minnesota made a net profit on its manufacture of \$668,011.06, after paying all expenses and creditting sixty-three cents a day for labor of the prisoners employed."

Prison labor in Wisconsin is set by contract for which the state receives sixty-five cents with no possibility of further profit. Senator Thomas quotes from Gov. Bradley of Missouri, who says that the state, prior to the establishment of the prison twine plant was ridden by the twine monopoly and thousands of dollars have been saved the farmers. He also quotes from letters of Gov. Marshall of Indiana and Gov. Burke of North Dakota, who lend encouragement to the prison enterprise.

**WOULD LIMIT EVERY  
LITTLE EXPENDITURE**

**Legislature Wants to Take All the  
Beer And Contribution Money  
Out of Politics.**

**ESPECIAL TO THE GAZETTE.**

Madison, Wis., June 1.—The result of the senatorial election investigation was the introduction in the senate today by the probe committee of four bills to regulate the spending of money. The expenditures are proposed to be limited to half rent, clerical help, printing, postage, traveling and newspaper advertising. The receipt of campaign contributions over \$500 is prohibited, also the expenditure of any money for cigars, beer, etc.

The assembly passed bills to hold the primary election the second week in September instead of the first Tuesday in August, and to prohibit the use of bonds or notes in food products.

The Whitelhead bill to allow cities to adopt a commission system of municipal government was concurred in and goes to the governor.

## TRIBUTES PAID TO SOLDIER DEAD

MEMORIAL DAY EXERCISES HELD  
AT RINK.

### WAR HEROES EULOGIZED

And Praised—Their Efforts Should Be  
Example For Us, Said George  
Parkhill, Orator of Day.

In the rink building, beautifully decorated for the convention of the Odd Fellows, members of the G. A. R., W. R. C., Spanish War Veterans and their auxiliaries, held appropriate exercises in commemoration of their dead comrades. In spite of the bad weather a large crowd was present at the services, about five hundred attending to the songs and speeches given. President of the Day, F. Carle, presided, and the program given was one of the finest ever carried out. George B. Parkhill, of Thorpe, Wis., delivered the principal

and suite with the sword of his eternal wrath, this people, when they shall forget to honor and defend the heroes who fought and who fell that this republic might be preserved."

### MISS RICHARDS WEDS REV. OLIVER TODAY

Janesville Girl United in Marriage to  
Methodist Minister at  
One o'Clock.

At the home of Mrs. William Richards, 102 Locust street, at one o'clock today occurred the marriage of Miss Hattie A. Richards to Rev. Edwin M. Oliver. The ceremony was performed by Rev. R. C. Deason, only immediate relatives being present.

Following the ceremony and congratulations a wedding dinner was served, after which the couple left for Kansas to visit the parental home of the groom, and also the centenarian of the groom's alma mater. Many handsome gifts were bestowed upon the young people. Mrs. Oliver is well known in Janesville, having always lived here. She was a member of the

schools generously gave their time, when they might have been enjoying a holiday, to take part in the memorial exercises at the rink building yesterday. The pupils of the seventh grade and the scholars of the sixth grade of the Jefferson school under the training of Mrs. Georgia Hyde, sang patriotic songs in a manner creditable both to Mrs. Hyde and to their teachers. The Washington school children sang "Tenting Tonight," "Just Before the Battle, Mother," and "The Bugler," while a simple camp scene was presented. The sixth grade students of the Jefferson school sang "Rest, Soldier, Rest." The following pupils from the Washington school, having Miss Louisa Shafter as teacher, took part in the program: Irene Boos, Vera Robertson, Constance Ecklin, Gladys Ecklin, Harriet Mulligan, Barbara Schuster, Dorothy MacLean, Ruth Taylor, Matto Jokela, Frances Granger.

In the "Bugler" song were: Carl Aschcraft, Willard Held, George Strampe, Stanley Hurwood, Soldiers—Louise Pufahl, Fred Cain, Raymond Boos, Frank Schultz, Stoyan Mount, and George Tricoff.

### Rest in Relaxation.

Relaxation is an art not difficult to acquire. Just drop, luxuriating every joint in your body, in a baby pose. Don't allow any stiffness to remain anywhere in your anatomy. Begin with your neck and think about every joint from there down to your toes until they are loose. Then try to think of nothing whatever or of something trivial and pleasant. Fifteen minutes passed in this way will rest you more than hours of restless, troubled sleep.

Your nerves will regain their tone, and small troubles will be easily passed over. Your expression will be cheerful and attractive and ugly lines will be smoothed out and driven away, making you appear years younger.

## FORMER CITIZEN ON WORLD-WIDE CRUISE

W. E. Stiles, formerly of Evansville, was with Fleet on Trip Around Globe.

**ESPECIAL TO THE GAZETTE.**  
Evansville, May 31.—W. E. Stiles, a former Evansville boy, has been in this city for a short time visiting relatives and calling on old school chums and friends. Mr. Stiles has been in the U. S. navy for over fourteen years and this is his first visit here since his enlistment, and during the time he has been gone has seen much of the world. He is with the battleship Wisconsin and ranks as ensign. In the service of Uncle Sam he has traveled around the globe six times and has visited every foreign country except Greenland and Ireland and has been in every state in the Union. He was with Dewey at Manila and also had the pleasure of accompanying the fleet on its noted cruise of the world. He is now on his way to Boston and will be stationed at Portsmouth through the summer months, and when he again starts out expects to go to Africa, to California, his home and has just come from San Francisco, where he visited his parents, George Stiles and wife, former residents of this city. He reports them well and enjoying life in the western metropolis. He also visited his doctor, Mrs. Wellington Smith, and family in Pueblo, Kansas, and their many friends here will be glad to know that they are prosperous and happy. The oldest son, Earl, is now married and their daughter, Miss Beulah, will graduate this summer from a training school for nurses in San Francisco.

**May Festival.**  
Those who failed to attend the May festival of music missed hearing three of the best musical entertainments ever given in Evansville. The undertaking was a complete success and more than fulfilled the highest expectations of our music-loving people. The pupils' recital Thursday afternoon was a model of its kind and each number on the program, whether the simple value by the little tots or the most difficult selections by the advanced pupils showed faithful work and skill in execution. It is doubtful if those who took part in the concert Thursday evening ever sang to a more appreciative audience. The various numbers were rendered in splendid style and the enthusiastic applause showered upon the musicians attested the appreciation of the hearers. But perhaps the cantata, "The Rose Maiden," given Friday evening, was the crowning effort. The concert was certainly splendid throughout and left nothing to be desired. Too much praise cannot be given Miss Anna Boyce, to whose untiring efforts the success of the entertainments of the Choral Union in a large measure is due.

### Catholic Picnic.

Wednesday, June 10, will be a gay day in Evansville and the stores will be closed from 10 a. m. to 4 p. m. in honor of the Irish picnic. The members of St. Paul's society are doing all in their power to make the day one of interest and pleasure and among the attractions will be an address by Gov. Davidson at 3 o'clock in the afternoon. Some of the other entertainment features scheduled are: 10 a. m., ball game, Evansville vs. Albany; 12:30 p. m., field events in which both Evansville and Evansville will compete for the Tri-City championship and silver cup; relay dash, 120-yd., high hurdles, high jump, 1-mile run, 100-yd. dash, broad jump, 100-yd. dash, pole vault, 15-mile run, low hurdles, 220-yd. dash, mile relay race for banner; 3:15 p. m., ball game, Footville vs. Evansville; 4:30 p. m., horse-racing, free for all, best two out of three heats.

Mr. and Mrs. Martin Paulson are returning over the arrival of a son, born Saturday, May 29.

Mr. and Mrs. George Wolfe, Sr., left last evening for a two weeks' visit to relatives in Elk River, Hutchinson and Brownston, Minnesota.

Miss Edith Graver, spent Sunday and Monday with friends in Janesville and Dolton.

Mrs. Potter of Sun Prairie is visiting local relatives for a few days.

Mr. and Mrs. Hans Hansen and their son and wife, of Stoughton were Sunday visitors at the home of Mr. and Mrs. Chris Hansen.

Mrs. George Jenkins of Rockford is the guest of her sister, Mrs. Frank Hubbard. Mrs. Jenkins will leave for her home today and will be accompanied by her mother, Mrs. B. W. Snow.

H. D. Hendrickson and family spent Sunday with relatives near Stoughton. Morton Flagg is spending today in Janesville.

Mrs. H. O. Meyers, the Misses Nora Weaver and Valeria Erdahl attended religious services in Madison yesterday.

THE ODD FELLOWS.

Janesville is honored in being selected as the meeting place for the state convention of Odd Fellows, and every effort should be made to make the visitors welcome. The order which they represent possess the stability of age, and exemplifies in a peculiar way the brotherhood of humanity.

It is an order with a mission where mutual dependence is recognized and mutual good cheer and helpfulness freely accorded; an order which has an ear ever close to the ground ready to catch the first murmur of suffering, and quick to respond with relief.

It is an order with a short, torso crowd which appeals to the heart and touches the mainspring of life at the fountain, helping to keep it pure and wholesome.

The delegates of this time-tried organization are with us today from all parts of the state. The Gazette voices popular sentiment in expressing a cordial welcome and saying to them: "If you don't see what you want, ask for it, for the town is yours."

THE ORIGIN OF LIFE.

A delicate yet vital topic, neglected in the home and schools, is intelligently handled in a little pamphlet just issued, of which the publishers say:

"All parents, teachers and others who have become interested in the deepening conviction of the importance of telling children truthfully of the origin of life will be glad to know that a free copy of the best method of accomplishing this difficult and delicate task can be secured upon request to the Vir Publishing Company, 204 North 15th street, Philadelphia, Pa. They have published in pamphlet form the method incorporated by Sylvanus Stoddard, D. D., in his valuable little book entitled, 'What a Young Boy Ought to Know.' Competent judges have pronounced this the fullest, most delicate and satisfactory method ever outlined, and its merits have been so universally recognized that the publishers have received more than thirty requests for permission to translate this pamphlet into the different languages of Europe and Asia. Your request for a copy should be accompanied by an envelope both stamped and addressed, for the return of the pamphlet."

THE TAX ON TEA.

Another foolish proposition which congress is undertaking is a tax on tea, the injustice of which is clearly seen by a New York correspondent, who says:

"The proposal to tax tea 10c per lb. in order to protect the tea industry of South Carolina is an insult to American intelligence. South Carolina after over twenty years of work produces on the average little more than 10,000 pounds annually, and that with government assistance, in the United States is about 100,000,000 pounds yearly. Shall 60,000,000 people be taxed for their tea for the benefit of a few holders and against the interests of the senate and house of consumers and wholesale jobbing and retail associations, from all over the United States? The latter numbers four hundred thousand retail merchants, representing the tea consuming public of the United States.

"The poorer classes now pay 25c to 50c per lb. for their tea (not the tea as falsely stated) which can be verified by inquiry at any retail grocery store.

"A tax of 10c per lb. would simply mean that the price to the consumer would be increased that much.

"There is no tea trust, hence competition is keen and the retailer for his own protection cannot ask excessive profits."

As Wisconsin don't raise any tea, this is not a local basis like zinc, milles, beets and tobacco, and it is easy to denounce the tax on tea as an unwholesome and unwarranted proposal.

The tariff problem is a peculiar problem because so many items are exposed and waiting to be injured that an impartial discussion is out of the question. If men were disposed to sacrifice personal interests for the general good, tariff adjustment would be easy of solution.

### GAS FROM PEAT.

The peat beds of the country have been subjected to many experiments, but all efforts to utilize them have practically failed. It has been left to Col. John Jacob Astor of New York to patent and perfect a "vibrator disintegrator" capable of extracting the gas from peat ready for use.

This new patent is being tested by Mr. Astor at his country residence on the Hudson, and if successful the patent will be presented to the public for general use. The experimental plant will furnish power to run a stone crusher. The Scientific American of May 22d contains an illustrated description of this new invention, and which says in part:

"The vibratory disintegrator which has been invented by Col. Astor and which, it is believed, will solve the problem of the commercial manufacture of producer-gas from peat, utilizes the expansive force of the air and gases within the very porous peat to disrupt and disintegrate the latter, and to permit the peat to be thoroughly and uniformly heated.

"Any suitable form of gas engine may be employed, but preferably one running at comparatively slow speed, so that the successive charges of exhaust gas will have time to produce the desired expansion in the cylinder. Preferably, an air-cooled engine is employed, and the air utilized in cooling the engine cylinder is delivered in part or in whole to the base of the producer.

"Having cut off his arm, it will take care of the boy until his stub is healed, and then it will turn him out in those same surroundings and let him hasten with an arm or leg or stool.

## Heart to Heart Talks.

By EDWIN A. NYE.

Copyright, 1908, by Edwin A. Nye.

### THE STATE CUT OFF HIS ARM.

Joe Bulanda, aged fourteen, is a little citizen of Chicago.

Joe's right arm was injured, because of the virus in his blood gangrene set in. The doctors said the arm must be cut off or Joe would die.

Joe's father said he would not consent to the operation.

He isn't much of a father as you and I esteem fathers, but he knew Joe would have a hard time to make his way even with two arms. He said it would be better for Joe to die than to lose one arm.

And Joe also objected—said he would rather die. Poor kid! The world he knew was the kind that always pushes a boy down.

Here the state of Illinois stepped in. It got an order from the court ordering Joe's arm to be amputated.

So the big state forced Joe on the operating table. The boy fought the doctors and the nurses. They smothered him with chloroform until he quit struggling. Then they cut off the gangrened arm.

Now—

It matters not about the ring of the lawyers in this strange case. This is all the state of Illinois stood "in loco parentis"—that is to say, the state acted in the stead of Joe's father.

The state did not cut off Joe's arm to deny Joe or Joe's father or to show its power or to punish. It amputated the boy's arm in order to save Joe's life—for Joe's good.

So far so good. But—

What had the state—the "we" of Illinois—ever done to keep Joe from poisoning himself physically and morally? It gave him bad air and insanitary surroundings and a vicious environment. It put the saloon on the corner near the tumble-down tenement in which Joe lived and the dance hall upstairs and the dives and the gambling resorts. It did this either by license or by sufferance. It made Joe's gangrene possible.

Having cut off his arm, it will take care of the boy until his stub is healed, and then it will turn him out in those same surroundings and let him hasten with an arm or leg or stool.

Well, some day, some sweet day, instead of cutting off gangrened arms, the state—two!—will create conditions that will prevent such festering sores.

Some sweet day!"

### Uncle Walt of Emporia

By WALT MASON  
(Copyright, 1909, by George Matthew Adams.)

The doctor is sure that my health is poor, he says that I waste away;

so bring me a can of the HEALTH shredded bran, and a bowl of the toasted hay; O feed me on rice and demerara

ice, and the oats that the horses chew; and a peck of slaw and a load of straw and a turnip and squash or two.

The doctor cries that it won't be wise to eat of the things I like; if I make a break at a sirloin steak, my stomach is sure to strike; I dare not reach for the inelastic pencil or stab at the lemon pie; if I make a pass at the stew, alas! I'm sure to curl up and die, if a thing looks good, it must be eschewed, if bad, I may eat it down; so bring me a jar of the rich pine tar from the Health Food works up town; and bring me a bag of your basic slag, and a sack of shop from the doctor's shop, and ladle it in with spoons; I will have to feed on the Johnson weed, and the grass that the cows may leave, for the doctor's sure that my health is poor, and I know that he'd not deceive.

### Likes the Fries of Women.

Admiral Dewey thinks the woman of the period is all right, and declares that he likes to see a woman with many tricks and does not like the tailor-made girl with linen collars, and, worst of all, he says, coarse shoes. He is glad the woman of today is upon the other extreme of the scheme of dress.

President Taft is saying nothing about the tariff, while congress is discussing the question, but the people know that he favors revision downward on over-protected industries, a fact which the congress can not afford to overlook.

When the automobile becomes a popular form of conveyance, as it will in time, the demand for good roads will be so universal that results will speedily follow.

The investigating committee will continue its arduous duties at home during the summer months, hoping to capture a few more game-wardens.

The farmer contingency in the lower house at Madison will find the season a little short for anything but beans and buckwheat.

The drought in Kansas is somewhat pathetic. No saloons, and no drug-stores selling anything stronger than perfume.

It is about time for somebody to trot out the "Mary Ann" amendment to the primary law.

The Chicago Tribune suggests that the Illinois legislature is walking around to save funeral expenses.

Now for another session at the blinding-twine bill.

## ARTHUR KING LOST LIFE AT MERRIMAC

Brakeman on North-Western Railroad Fell From Bridge And Was Drowned Sunday Morning.

Early Sunday morning, Arthur H. King, a brakeman on the North-Western railroad, was drowned by falling from the railroad bridge near Merrimac, Wis. Mr. King was making his first trip as brakeman on the mail and baggage train which passes through here about midnight. The train was stopped on the bridge by block signals and Mr. King was sent back to flag a passenger train which was following the mail train. In stepping off the train, he supposed that the wet and slippery condition of the ties caused him to slip and lose his balance, falling fifty feet into the treacherous Wisconsin river. As he fell, he shouted for help and his cry was heard by the fireman and engineer of the train on which he was working. A boat was secured and a search made, but no trace of him could be found. The river has been dredged but as yet the body has not been recovered. An uncle, A. J. Clark, of this city and a cousin, Arthur Clark, are at Meridian to take charge of the remains in case they are found. Mr. King was between thirty and thirty-five years of age and was born in Norwich, England, where his parents, Mr. and Mrs. Benjamin G. King, still live. Besides a father and mother he leaves two brothers and four sisters, all living in the British Isles. His nearest relatives in this country are two uncles, A. J. Clark, 152 South Academy street, and R. W. Clark, 159 South High street.

The young man has been employed by the North-Western road as a brakeman. His work has been mostly in and out of Chicago and the new rail road was unfamiliar to him. He is well known among the railroad men in this city and Chicago, and is jovial, companionable and popular with them all. When he first came to this country he resided for a time in Janesville and has a number of friends here who will mourn his loss.

## TRAILING ARBUTUS FOR SCHOOL CHILDREN

Prof. Brooks, Former Instructor in High School, Sent Large Basket of Beautiful Flowers.

This morning a large basket full of trailing arbutus was received from Professor Lavern Brooks of Tomahawk, Wis., and today was distributed among the school children of the city. Professor Brooks was formerly instructor in geometry at the high school and tried this spring to get some of the blossoms for the Janesville school children that they might become acquainted with this delicate flower of the northern woods, before they voted for the state flower. At that time, however, the arbutus was not in blossom.

Professor Brooks and his wife, who was formerly Miss Ethel Bates of this city, expect to be here for the commencement exercises at the high school.

Addressed School

This morning at the opening exercises Professor A. B. West gave a talk on his travels and experiences on a trip to Denver which he took last summer. The account of Mt. McCulloch near Denver was described by the professor.

## APPEALS DECISION IN FEDERAL COURT

A. N. Bort of Beloit Will Take Case to Higher Court Immediately—May Reach Supreme Court.

In the suit brought by A. N. Bort of Beloit to recover \$100,000 from the sheriff of the U. S. H. McCutchen & Co., bank of Holstein, Iowa, which he deposited in that bank while Head Banker for the Modern Woodmen of America, the jury brought in a verdict last night rendering from the jury室 the sum of \$100,000. The case was tried in the federal court at Sioux City, Iowa, and notice of an appeal to the Court of Appeals was at once made.

Mr. Bort stated today that the suit would not with all probability go to the United States Supreme Court for final judgment. Several interesting points of law are brought out in the action: chief among those are the ones caused by the death of both E. H. McCutchen and John W. White, then attorney for the Modern Woodmen, who passed on the bonds presented. The action is of interest to all members of the Modern Woodmen order.

## AUSPICIOUS START ON FIRST OF JUNE

Two Arrests in Janesville Today. Three Prisoners Received from Beloit.

John Hold, a fisherman from the vicinity of Lake Koshkonong, was arrested at the Myers house corner this noon after he had managed to dump his wife from the rig and cause her to fall on the pavement.

The horse was blind and Hold was in a very similar condition from too much drinkables. When arrested he was much incensed and expressed his indignation in high nasal tones, but quieted down on the way to the lockup.

Dan O'Brien, who had been warned last night to leave the city, in fact had given an escort to the railroad yards, thought he would risk the displeasure of the police in the hopes of picking up some easy money during the convention time. He was arrested this afternoon on Wall street and will appear tomorrow morning in municipal court.

Three prisoners from Beloit, the first condemned of June bugs, arrived at the county jail this afternoon to serve sentences. Arthur Reed will spend thirty days in the handule for shooting profane and abusive language in an interurban car. George McGuire and William Flechner will each stay ten days for being drunk.

### PERSONAL MENTION.

The Misses Beebe Nelson of Milwaukee, Grace Spoon, Grace Blodorn and Edith Heldt, and Myers, Hugh M. Craig of Cedar Rapids, Iowa, Perry String of Rockford, John Antier, and Charles H. Lange composed a luncheon party who enjoyed a picnic on the river Monday afternoon. Mr. Strand returned to Rockford last evening, and this morning Miss Nelson departed for her home in Milwaukee. Mr. Craig also left this morning for Cedar Rapids.

George Mosely of Minneapolis was a guest of relatives over Decoration day.

Archie Swin of Broadhead transacted business here today.

Mr. and Mrs. E. W. Laughlin and Mr. and Mrs. Lewis Andre and little daughter, Dorothy, of Chicago are the guests of Mr. and Mrs. Thos. Laughlin, Center avenue.

Mr. and Mrs. Ray Kendall announced the arrival of an eight-pound baby boy, born Sunday morning.

Mr. and Mrs. S. B. Phelps, 1109 Sharon street, have just returned from a fifteen-day visit in Louisiana, Miss., where their son, Arthur, of the firm of Farge & Phelps, has a shop factory.

Allen P. and Stowa Lovejoy will attend a picnic of the Beloit college chapter of the Beta Theta Pi fraternity which is in progress at Yost's park this afternoon.

Charles Bentley is here from Burlington on business.

E. V. Whitton and Sam Echlin are to arrive home from the west this evening.

Mrs. J. G. Carr and Mrs. F. C. Bennewitz are here from Milton today.

Miss Nellie Kohog of Madison is visiting in the city.

Miss Hattie Wyndell of Rockford is visiting with her sister in this city.

Miss Mary Klingbell visited in Shiocton with her parents yesterday.

Miss Phoebe Cunningham spent Memorial Day in Chicago.

Mrs. McHugh and children of Burlington are the guests of local relatives.

George Mosely of Minneapolis stopped over for a visit in Janesville yesterday. He was homeward bound from Chicago where he and Peter J. Myers attended the "Lamb's Gambol."

Mr. Mosely was accompanied on his westward trip last evening by his mother, Mrs. Olive W. Mosely, who will spend the summer in Minneapolis.

Mrs. Delia Dee and daughter, Hazel, of Ft. Atkinson, spent Memorial Day in Janesville.

Delegates to the convention who are interested in having a full account of the proceedings can secure copies of The Gazette of Tuesday, Wednesday and Thursday at this office, or if orders are left in advance, they will be mailed to any address.

These papers will be nice remembrances to send home, and to save for reference. We suggest that local Odd Fellows bring this item to the attention of the visitors. It would be well to place orders in advance so that proper arrangements can be made.

## BLIND ORGANIST OF WASHINGTON DEAD

Dr. John W. Bliehoff, a Graduate of the State Institute for the Blind, Is Dead.

Dr. John W. Bliehoff, the blind organist of Washington, and one of the most distinguished graduates of the Wisconsin School for the Blind in the city, is dead at his home in Washington. He was sixty years old and had been totally blind since he was two.

Dr. Bliehoff came to the state school in the early sixties. He graduated from the school, receiving his musical training under the instructors at the school. From 1868 until 1870 he taught at the school and for five years was organist at the First Congregational church in Janesville. Here his playing was heard by a prominent Washington man and this led to his removal to Washington in 1875 where he has since lived.

Dr. Bliehoff was one of the most noted blind musicians in this country. He came to Washington in 1875 to take charge of the music at the First Congregational church, and from that time until he was taken ill three weeks ago, he remained as organist there. He became Washington's best known vocal teacher.

He had a longer list of pupils to his credit during the years of his teaching than any other Washington musician. For many years he found it necessary to keep a long waiting list.

Dr. Bliehoff composed more than 150 pieces, including piano solos, songs and several books for use in Sunday schools.

Among his best known songs are "Good Night, Sweet Dreams," "Oh, answered," and "Bob O'Link."

## PRETTY WEDDING AT ST. PATRICK'S CHURCH

Miss Teresa McCooey Weds Edward T. McCann of Chicago This Morning.

This morning at 6:30, Deep E. E. Reilly united in marriage Miss Teresa McCooey of this city and Edward T. McCann, of Chicago. The bride was wedded by Mrs. Agnes McCann while Joseph McCooey, brother of the bride, acted as best man. After the wedding the bridal party repaired to the home of the bride's parents on North street, where a sumptuous wedding breakfast was served to about thirty-five relatives and friends. The bride and groom left at 9:35 for Chicago enroute to Omaha to spend their honeymoon there. Afterward they will make their home at 1641 Park avenue, Chicago.

The bride is well known and popular in this city. The groom is a highly-respected young man employed by the Chicago & North-Western railroad. The bride wished of a host of friends are extending to the young couple.

Slipped from Pin Which Fastened It to Miss Elphy's Shirtwaist and Fell into River.

While walking across the Milwaukee Street bridge this noon at half past twelve Miss Elphy, who is visiting in the city, lost a small gold watch which slipped from the pin which fastened it to her shirtwaist and dropped through a crack in the sidewalk and into the river. The mishap happened in front of Amos Rehberg's store and a small crowd attracted by the young lady's evident distress, soon collected. Various more or less brilliant suggestions were made up to the

## THE LEMON DUTY HAS A BOOST

ROOT'S FIGHT IN THE SENATE FAILS TO SAVE CONSUMER.

## HE VOTES WITH INSURGENTS

Aldrich Is Compelled to Withdraw the Amendment Increasing Tariff on Bacon—Tillman Gives Hepburn Definition of a Pig.

Washington, June 1.—Senator Root of New York, tried in vain to prevent the United States from "handing a lemon" to the American consumer of the fruit. He joined the insurgents in the vote against increasing the duty on lemons to 1½ cents a pound, which is half cent more than the Dingley law provides.

"In this industry during the last year the lemon growers of California have made on an average a profit of \$630 per acre, with expenditures amounting to \$370," said Senator Root, "I would not willingly, the lemon growers of California or any other American industry, but it is a little too much for them to come here and ask an increase on duty when they are already making over 100 per cent."

Senator Root, having referred to the California Fruit Growers' association, Mr. Flint asked if it was not an association of farmers.

"It is not an incorporation of angels, and if it gets control of our market and you put up a barrier against the foreign lemon the white-winged farmers of the California Fruit Growers' association may yield to the temptation to get the highest price that they can for their product."

"Root joins the insurgents."

The increase was voted 43 to 28. Senators Foster of Louisiana and Fletcher of Florida, Democrats, voted in the affirmative with the Republicans, and Senators Root, Beveridge, Blaine, Burkett, Crawford, Cuernas, Curtis, and La Follette, Republicans, with a majority of the Democrats, against it.

When the bacon schedule was taken up, increasing the duty from four to five cents a pound, Senator Aldrich surprised the senate by withdrawing the measure, and the duty was left at four cents.

Senator Hayburn asserting that these rates of duty should be kept up because there was "no more completely distributed articles among the wage-earners than the 'pig,'" Senator Tillman arose to ask the difference between the pig and the hog.

"I like the term pig better than hog because hog is sometimes applied to different classes of beings," retorted the Idaho senator.

"I have 'historied,'" said Senator Tillman, "that the pig is a baby hog—a squealing fellow that has to squeal sometimes when he can't get a taint."

Interrupting, Senator Aldrich said the rates of the house bill in respect to these articles were protective.

Aldrich Backs Down.

"I have no question about that whatever," said Senator Aldrich, "and not failing in my duty as a protectionist in making this change. At four cents a pound there is no danger of any large importations of bacon and ham in this country. When the Wilson bill was in operation with a duty of three cents a pound there were no importations. There is no possibility that there will be large importations of lard under a duty of 1½ cents a pound, as fixed by the house. There was no increase in those importations under the Wilson bill."

Senator Aldrich said there had been reductions in nearly 350 items of the pending bill, but they were not reduced below the protective point.

"It is not possible," he insisted, "to say that in making these reductions we have abandoned the protective principle."

When Senator Culberson (Tex.), offered a portion of the testimony of Andrew Carnegie in an example of the views of a Republican that the reduction of duties would lessen the price to the consumer Senator Aldrich suggested that some Democrat should place all of Mr. Carnegie's statements on the trial in the record as a Democratic textbook. He had no doubt it would be used for that purpose for the next 20 years.

Raynor in Humorous Speech.

Characterizing the tariff policy of the Republican party as "a citadel of protection" and declaring that "never in his experience was a citadel in such a state of tumult and commotion," Senator Raynor made a speech abounding with humorous references to many senators who have taken a prominent part in discussing the pending bill.

The cotton and wool schedules were taken up to day.

## SEATTLE FAIR OPENED TODAY

KEY PRESSED BY TAFT IN WHITE HOUSE STARTS EXPOSITION.

IS \$10,000,000 ENTERPRISE

Big Alaska-Yukon Show Begins with Impressive Ceremonies—Governors of Pacific Coast States Take Part in Opening Exercises.

What actress?

Crimes and the Telephone.

From the beginning to the end of the transaction of crime the telephone is brought into extensive use, serving both sides with equal fidelity. The thief uses it to determine which house may safely rob. The man next door uses it to call the police station. The police arrive, catch the burglar, club him into insensibility and telephone for the wagon or ambulance. The thief has some one telephone a lawyer to defend him. The lawyer telephones that the defendant is good. The clerk of the court telephones the lawyer, and both sides telephone for their witnesses. When the burglar is convicted and sentenced the telephone summons the jailer to come for his prisoner. After that the telephone is kept busy by bankers, politicians and petitioners who make an effort to have the prisoner pardoned.

Ceremony is impressive.

Then comes the formal and impressive ceremony in connection with the opening. The parade and speech-making were participated in by all the officers of the exposition, the officials of Seattle, and Gov. W. B. Hoggatt of Alaska, Lt. Gov. James Dunsmuir of British Columbia, Gov. M. E. Hwy of Washington, Gov. J. H. Brady of Idaho, Gov. William Spry of Utah, Gov. F. W. Benson of Oregon and Gov. Gillett of California. In addition to the Pacific coast executives, Gov. Fort of New Jersey was represented by his son, Leslie R. Fort.

An interesting and picturesque feature was the naval parade. Among the many vessels in line were the six cruisers of the Pacific fleet under the command of Rear Admiral Uriel Sohre, who recently succeeded Rear Admiral W. T. Swinburne. Following these and arousing much enthusiasm were the Japanese trading ships Asao and Shioyo, finely decorated in honor of the occasion. The sailors and midshipmen from all the warships, both American and Japanese, afterward landed with side arms and paraded.

Exposition Cost \$10,000,000.

The Alaska-Yukon-Pacific exposition cost \$10,000,000, and was built in two years. After entering through the gate, two buildings standing in a cluster of trees to the left first meet the eye. One is where the administration of the exposition is centered and the other is the Auditorium, a brick and steel building of imposing architecture.

To the right, and across, Puget Plaza, in the Fine Arts palace. This building contains a valuable art collection loaned from famous collections all over the world. A few steps lead to the intersection of Olympic place and Alaskan avenue. To the right is a view down the "Pay Streak," the exposition amusement way, and to the left, a front view of the Auditorium and the University of Washington, in the distance.

The "Pay Streak" is also reached by following a thoroughfare to the right, just inside the multi-entrance gates, and on past the rest headquarters of the Women's League and the Masonic, Swedish and other buildings.

Made Beautiful Picture.

Crossing over Olympic place and walking to a point of vantage in front of the main government structure, the beautiful picture of the fair is unfolded. To the right the Alaska building, to the left the Hawaiian building, and on either side of the Cascades, the Oriental, Foreign, Manufacturers, and Agricultural palaces. In the distance are the Masonic pavilion, the buildings of Canada and Japan, and completing this picture, Mt. Rainier, the highest mountain peak in the United States. Various avenues and streets branch off in every direction. Every thoroughfare is something of interest. Buildings stand out everywhere in this forest of trees. Natural beauties are on every hand.

The Fine Arts building is not far from the entrance to the grounds. It is a permanent structure of concrete and brick. Next in line comes the main government building, with its massive dome, the architectural climax of the fair.

Railroad's Machinists to Strike.

Baltimore, Md., June 1.—President James O'Connell of the International Machinists' union, has sent out a call for a general strike of all the machinists employed in the repair shops of the Baltimore & Ohio railroad system, because of the refusal of this company to establish the piece-work system.

Boy Killed in Baseball Game.

Detroit, Mich., June 1.—Hector Block, aged 14, and Henry Thilke, 16 years old, lost their lives, and Frank Faulkner, aged ten, narrowly escaped drowning in Conner's creek, in the suburbs of Detroit. The three boys were in swimming when the last named got beyond his depth. Block seized the younger boy and after a desperate struggle succeeded in pushing him into shallow water and safety. But the effort was too much for his strength and he collapsed and fell back.

Thilke then went to Block's assistance, but the latter clasped his arms so tightly about his would-be rescuer that he was powerless to drag him from the water and both were drowned.

### Another Recruit.

"Hiram," said Mrs. Johnson to her better half as she looked up from her evening paper, "there's been a great deal said about the tariff in the papers for weeks past, but you haven't seemed to be interested."

"No, I haven't taken much interest," he replied.

"But I wish you'd take a little now. I see a good deal about valorem. What is the meaning of it?"

"It's a sort of tax, my dear."

"I thought so, but just what kind of a tax? I see in one place here where no valorem is connected with cigars."

"Yes, it means that cigars are to be cheaper. The tariff puts a duty of 10 per cent. on cigars, and then ad valorem steps in and knocks 15 per cent. off."

"But what for?"

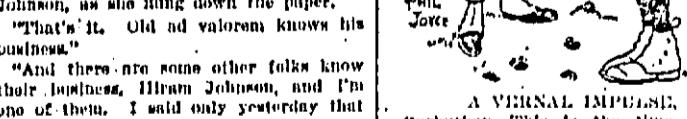

"So that 15 cents per pair can be added to the price of every pair of women's stockings."

"And then your cigars are to be cheaper and my stockings dearer!" shrieked Mrs. Johnson, as she flung down the paper.

"That's it. Old ad valorem knows his business."

"And there are some other folks know their business, Hiram Johnson, and I'm one of them. I said only yesterday that it was nonsense about women wanting to vote, but this has changed my mind. To-morrow I join the ranks, and we'll have our rights, and we'll vote and vote and vote until we make old ad valorem and all the rest of you feel sick."

### Her Consolation.

Annie had a little duck which followed her everywhere and was a great pet. One morning she woke to find her duck was dead. She shed many tears, refusing to be comforted, until her old "mauve," with the instinct of her race, offered deep sympathy in well-formed words. Then Annie dried her eyes and rushed to her mother, voicing the consolation, "Mother, I have a little angel duck."—Delineator.

To Cure Red Noses.

It is the part of wisdom for a person who has a red nose to drink nothing that is hot in temperature, for then this organ will flame in sympathy. Also all rich foods should be avoided and care must be taken that the liver daily performs its functions. Much exercise in the open air should be indulged in, and with patience and persistence a decided improvement will follow.

## INDIANA POSSE TRAILS A BANKER-HORSE THIEF

Robert Greene Who Escaped from Prison Followed by Officials—May Be Wounded.

Laporte, Ind., June 1.—Robert Greene, the banker-horse thief, who escaped from the penitentiary at Michigan City, is being trailed by a sheriff's posse and a score of citizens in the marsh lands northwest of Valparaiso.

Fourteen hours after he got out of the penitentiary Greene stole a horse and buggy from the barn of J. E. Payne, living near Westville, ten miles southwest of the prison. The horse and buggy were recovered by Sheriff Johnson of Porter county, but the driver jumped before the sheriff was in firing distance and ran across a field.

While driving away from the Payne barn Greene was detected and several shots were fired at him. Blood on the roadside indicates that the man was wounded.

Greene was sent to the penitentiary from the Crawfordsville circuit court on a plea of guilty to grand larceny. He was formerly vice-president of the Merchants' & Farmers' bank of Waynetown.

With a view to recuperating his fortune, which had melted away in speculation in stocks and bonds, according to testimony in the trial, Greene took to stealing horses.

**Happiness.**  
If thou workest at that which is before thee, following right reason aeriously, vigorously, calmly, without allowing anything else to distract thee, but keeping thy divine part pure, it thou should be bound to give it back immediately; if thou hastest to this, expecting nothing, fearing nothing, but satisfied with thy present activity according to nature, and with honest truth in every word and sound which thou utterest, thou wilt live happy. And there is no man who is able to prevent this.—Marcus Aurelius.

Sixth Toe Unwelcome.

On the line between Lincoln and Sagadahoc counties, Maine, is a settlement of thrifty farmer folk peculiar for the number of people in the settlement who have six toes on each foot. The sixth toe is an offshoot from the little toe of the ordinary foot. It is perfect in shape, although it is not always in alignment with the other five toes of the foot. For this reason it is troublesome and becomes more troublesome as the people advance in years.—N. Y. Herald.

The Romance of Other Years.

"One of the most beautiful ankles ever seen upon the face of mortal suffused itself on the countenance of Lord St. Orville as he fell at the feet of Julia in a deathlike swoon." You probably suppose that this sentence is an extract from some schoolgirl's novella. But, in fact, it comes from a novel which 50 years ago was seen on the tables of most people of taste and culture. That is the style which was detectable in the brave days of old.—N. Y. Herald.

## WELCOME, I. O. O. F. An OXFORD PROPOSITION of IMPORTANCE

With a given amount to expend on footwear the question of selection and where to make the purchase becomes an important matter. This store's shoe selection, we believe, appeals as fully to the public, no matter whether the masses or classes (so called) as any in the country. Every day this fact is demonstrated more pointedly. Quality first and price next; with these items thoroughly cared for the matter of selection becomes a pleasant pastime.

## MEMORIAL DAY WAS OBSERVED IN MONROE

**Special Exercises Held in the Green County City Yesterday.**

**[EXCERPT FROM THE GAZETTE]**  
Monroe, Wisc., June 1.—The whidom of the departure taken by A. F. Penny Post, U. S. A. R., in the observance of Memorial Day yesterday was proven when a heavy shower prevailed just as the audience had assembled at Turner opera house for the exercises. The usual order had been a parade and outdoor exercises where the weather permitted, but this year the order was changed and committees saw to the decorating of the graves at the cemetery during the forenoon, while the exercises were held in the hall in the afternoon, dispensing with the parade to the cemetery. Turner opera house was filled for the exercises. Colonel S. P. Schaudt presided. The oration was by District Attorney W. H. McGrath.

Neddie Osburn, aged three and one half years, son of A. L. Osburn, district representative of the Standard Oil company, was run down by a horse and buggy yesterday and suffered a fracture of his right leg below the knee. The boy was crossing the street and in attempting to get out of the way of some bicycles he ran into the horse and buggy.

The barn of John Goutz, west of the city, was burned together with contents, consisting of a driving horse, farm implements, etc. The fire is supposed to have been of incendiary origin.

Miss Nellie Corlins returned to her home in Beloit yesterday after noon after a visit to friends here.

Mr. and Mrs. Matt. Moller and John Schlesser of this city, and Matt. Ellmer of Jordan, left yesterday for Switzerland where they will visit.

Dr. and Mrs. B. R. Mayor will take their departure tomorrow for an eastern trip. After attending the meeting of the National Medical society at Atlantic City they will sail for a tour abroad. They will return to Monroe early in September.

R. C. Whitecomb and son, Walter Whitecomb, returned yesterday from Superior and Ladysmith.

Mr. and Mrs. J. H. Heeren and son, Miles Lydia and Anna Treachsel, Daisy Stinebacher, Glen Stauffacher and Walter Wenger were at Broadhead yesterday.

Miss Louise Durst was here from Heron and returned yesterday.

**Begin With Kaysers**

You young ladies who are just beginning to choose your own gloves—these are some facts to remember:

The Kaysers have been, for 25 years, the standard silk gloves of the world.

Your mothers have worn them since days that you can't remember.

Kayser's have the durable fabric, woven in our factory. Kayser's have the exquisite finish, the perfect fit, which come through fifty operations.

Kayser's have the patent tips and the guarantee in every pair.

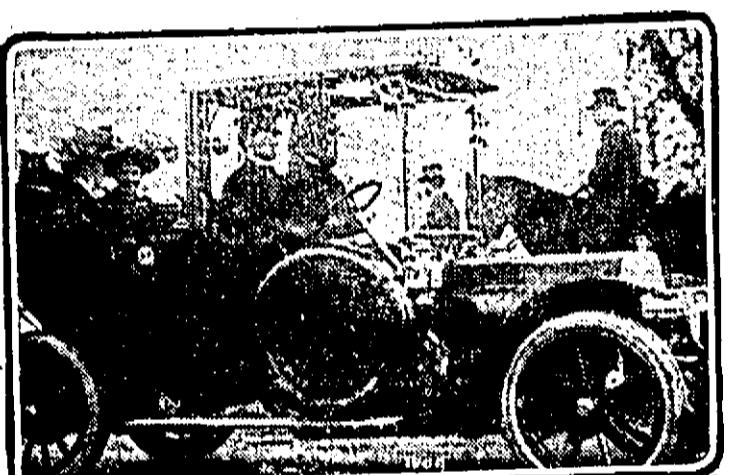

Yet inferior gloves cost just as much. See that "Kayser" is in the hem.

MRS. WILLIAM TAFT AND MRS. FRANKLIN ELLIS ON THE POTOMAC DRIVE.

Washington, D. C.—The present importance to the national capital. Among the most prominent of those so far brought to a successful culmination is the popularizing of the Potomac drive, which can be credited almost entirely to Mrs. Taft. She has made this drive the fashionable center of outdoor Washington and it is daily thronged by the society of the capital city.

**A Clean Man**

Outside cleanliness is less than half the battle. A man may scrub himself a dozen times a day, and still be unclean. Good health means cleanliness not only outside, but inside. It means a clean stomach, clean bowels, clean blood, a clean liver, and new, clean, healthy tissues. The man who is clean in this way will look it and act it. He will work with energy and think clean, clear, healthy thoughts.

He will never be troubled with liver, lung, stomach, or blood disorders. Dyspepsia and indigestion originate in unclean stomachs. Blood diseases are found where there is unclean blood.

Consumption and bronchitis mean unclean lungs.

**Dr. Pierce's Golden Medical Discovery**

prevents these diseases. It makes a man's insides clean and healthy. It cleans the digestive organs, makes pure, clean blood, and clean, healthy flesh.

It restores tone to the nervous system, and cures nervous exhaustion and prostration. It contains no alcohol or habit-forming drugs.

Consumption is the most unclean uncleanness. Dr. Pierce's Pleasant Pill lets cure it. They never gripes. Easy to take as candy.

## The Evening Chit-Chat

By RUTH CAMERON

**M**ODERN life is too complex. We want too much.

Almost all the world admits and deplores these facts.

But more indeed is the man or woman who tries to better matters by wanting less.

Happiness does not consist merely in many possessions. So far as it comes from material things at all, happiness consists in an even balance between possessions to enjoy and leisure in which to enjoy them.

I know a girl who could have a salary of \$25 a week if she would take a position that would mean constant slaving. In the position that she now occupies she frequently has free afternoons and sometimes a whole day to herself. Her present salary is only \$15, but she says she would rather have the leisure to enjoy that smaller sum than have the larger sum and no opportunity to enjoy it.

The girl with plenty of money and no leisure is fully as badly off if not worse off than her sister with plenty of leisure and no money.

That's why the girl who has lived at home and had no money to enjoy herself with, finds she has but jumped from the frying pan into the fire when she goes to work and earns the money for pleasures but has no time to enjoy them.

My next door neighbor shows the same common sense in the management of her home affairs as the girl who of her own choice accepted the smaller salary. She is skillful with her needle. Her children's clothes and her own might be the most beautiful and elaborate in the neighborhood. "I started it to make them so," she said, "and then I realized that it meant I would have to give up every moment of my spare time to it. So I made a plan which I have followed ever since. I buy pretty stuffs and make the garments up on as good lines as possible, but I almost completely omit trimming. Occasionally I use a little lace, or burlap, but never any elaborate scheme of trimming that would take much time. The money I save that way goes towards getting the best of material."

"As a result I have a chance to enjoy life, and though we are never elaborately dressed almost everyone thinks we have pretty clothes."

Which latter statement I can heartily corroborate.

In another family where there is no maid, a wise mother has lightened her labors by this plan. The only dessert ever put upon her table for either dinner or supper is fruit. It is fully as delicious as anything else, no more expensive, and far healthier.

And best of all—

"Not having any desserts to plan or prepare gives me at least an hour a day more time for myself," she says.

Half the things we think we really must have we desire only because the rest of the world has them.

Most of us measure our wants by a false rule, for we gauge them by other peoples' wants instead of by the rightful rule of our own needs.

To the man and woman who cast this false rule aside and strive for the things that they truly in their own hearts need, and in that seeking, try to strike the right balance between possessions to enjoy and leisure in which to enjoy them, to these people happiness—that queer, beautiful, fragile thing we're all so earnestly seeking—is most like to come.

## FORTY YEARS AGO

Janesville Daily Gazette, June 1, 1860.—Finishing Rapidly.—The new Congregational church is fast approaching completion. The scaffolding will be down in a few days and the work of putting in the seats will then commence. Workmen are also carrying the spire to completion and soon the whole structure will be complete. We understand, it is the intention to have the church ready for occupancy some time early in August.

The Grand Jury Discharged.—The Grand Jury has been discharged after finding nineteen indictments. Among others of less note is one against Dr. Davall for poisoning his wife at the Borden House a few weeks ago.

## Here Is Relief For Women

If you have pains in the back, limbs, muscles or joints, relief from Women'sills, try Mother Gray's "AUSTRALIAN LEAF." It is a safe, reliable regulator, and relieves all female weakness, including inflammation and irritation. Also, the great value of this leaf is sold by Drugstore. Address, "The Mother Gray Co., Le Roy, N. Y."

Dr. Whiting of Dubuque to become their pastor. Several candidates were voted for, but the call was unanimous we understand.

Tired.—A couple of stalwart looking young men lay in the park near the Liberty pole this morning, between eight and nine o'clock, utterly exhausted from an evident effort to carry too heavy a load of fuel oil. It was not a very pleasant sight for the school children that passed them on their way to school.

Inauguration Ball.—On Wednesday evening next the inauguration ball at the club takes place. Every indication points to a very large attendance and a pleasant time.

Wanted.—A Client.—The case of Johnson vs. [redacted] The City of Janesville, an action brought to recover damages for breaking a leg on an alleged defective sidewalk, was set down for this morning. A jury was impaneled and everything was in readiness to proceed, but no client appeared. The court waited awhile for his appearance but, in the language of the poet, "he came not." The court took a recess and the jury went and viewed the opening sidewalk and returned to the court room. The jury was consequently discharged.

## CHICAGO POLICE PROTECT MOURNERS AT FUNERALS

Fifty Corteges Guarded on Way to Cemeteries Following Attacks by Strike Sympathizers.

Chicago, June 1.—Mourners at 50 funerals were protected as they drove to and from Chicago cemeteries by squads of police and there was none of the stoning of carriages as on Sunday.

Business Agent Gibbons, in an address at union headquarters, Jr. Randolph street early in the day, urged the pickets to resort to no violence.

Attacks on nonunion drivers and the fear that they might be repeated during memorial services led Chief Shippy to station police guards at the entrances to all burial grounds. Police also guarded carriages on the way to the cemeteries. They were under instructions to arrest any person interfering with the drivers.

Violence marked the night of the cab and carriage drivers against the liverymen Sunday, and eight arrests were made. Strike sympathizers attacked nonunion drivers and employers who were driving their own carriages on the return trip from a funeral at Mount Olive cemetery. Before the police arrived half a dozen carriages had been partly wrecked. Bricks and other missiles were hurled at the drivers, several of whom were injured. The attack occurred in broad daylight.

## THE SECRET OUT.

"What made my lovely complexion? I do not like to tell, for it was medicine, but the prettiest woman ever took. It was Dame's Family Medicine that did it." This is a pleasant herb tea which helps favorably in skin diseases, especially those involving the skin like mague. It cures headache and backache. Druggists and dealers sell it, 25¢.

The above letter is one of many testimonials and endorsements, which I have on file and is proof positive that I do cure cancer.

## SAYS PATTEN ISN'T TO BLAME.

James J. Hill Declares There Was No Wheat Corner.

Seattle, Wash., June 1.—J. J. Hill, chairman of the Great Northern board of directors, in discussing the recent wheat corner, said:

"It is a mistake to say James A. Pattin cornered the wheat market. He is merely a case of a man taking advantage of an opportunity. It has been but a few years since it was estimated that the average consumption of wheat per annum in this country was six bushels, but now the experts argue that it is seven bushels and some pounds. The census of 1910 will show that we have a population of 90,000,000 which will mean that we will require for our own use 620,000,000 bushels hereafter.

"We raise now probably 650,000,000 bushels of wheat in the United States with good crop conditions. This will leave us but 20,000,000 bushels as a surplus for export while in the past we have exported upwards of 120,000,000 bushels per annum. So you can see we will need all our wheat to feed our own people."

## CUTS HAIR BY ELECTRICITY.

Chicago Man's Machine Attracts Attention at Atlantic City.

Atlantic City, N. J., June 1.—It was a bright crowd of men in more ways than one that greeted the president of the National Electric Light Association today when he declared the annual convention opened. They know nearly all there is to be known about electricity and are prepared to discuss all manner of problems relating to its use. Also they have brought with them the newest electrical devices for exhibition and criticism.

Among the novelties is an electric contrivance by means of which a man can cut his own hair. It is the invention of Felix Brown of Chicago, and created much amusement among the delegates though none of them seemed inclined to substitute it for the barber in his own case. The convention will continue four days.

## Union Men to Probe Immigration.

New York, June 1.—The executive council of the American Federation of Labor will meet here June 15 to consider the restrictions of immigration. The Central Federated Union of New York has instructed a committee to obtain all data and confer with the executive council.
